

**Lhs Filter**

The following is the introduction of high quality Lhs Filter, hoping to help you better understand Lhs Filter XunChi®. Welcome new and old customers to continue to cooperate with us to create a better future!

## Product Description

LHS filters XunChi® are used for smaller air quantities of 200 bis ca. The minimal assembly effort is a great benefit here: the devices can be delivered ready to connect.

The Air Filter is a system component that cleans gasses going to / from the pod's atmosphere. it is used in the CO2 Scrubber and Pressure Stabilizer Systems. It must be periodically cleaned for optimal system performance. Can be touched freely without electrocution.

SIZE	PART #
